

Following recent investment of £1 million in a state of the art retail ready packaging production line, we can add real value to your business.

- Build your sales through high impact graphics using either super flexo or litho print.
- Reduce your packaging through improved designs, driving out costs and delivering the retailer requirements for packaging reduction.
- Better efficiencies on your packing lines, through quick to assemble, pre-glued cases, improving your margin.
- “Easy to shop” designs that your retail customers can open quickly, fulfilling their requirements and driving availability and sales for your products.
- For further information on the 5 Easy’s of retail ready packaging, please visit www.weedonpsc.com

Weedon PSC can add real value to your business and enable you to improve your margin by improving your sales with cost effective retail ready packaging.
